Inpatient Hospital

An inpatient hospital is defined as a facility, other than psychiatric, that primarily provides diagnostic, therapeutic (both surgical and nonsurgical) and rehabilitation services by or under the supervision of physicians, to patients admitted for a variety of medical conditions.

Original Medicare

Original Medicare provides coverage for the following services furnished to an inpatient of a participating hospital or of a participating critical access hospital or, in the case of emergency services or services in foreign hospitals, to an inpatient of a qualified hospital:

- Bed and board
- Nursing services and other related services
- Use of hospital or critical access hospital facilities
- Medical social services
- Drugs, biologicals, supplies, appliances, and equipment
- Certain other diagnostic or therapeutic services
- Medical or surgical services provided by certain interns or residents-in-training
- Transportation services, including transport by ambulance

Inpatient stays are defined by a benefit period of consecutive days during which medical benefits for covered services with certain specified maximum limitations are available to the beneficiary. Under Original Medicare Part A, 60 full days of hospitalization plus 30 coinsurance days represent the maximum benefit period. The period is renewed when the beneficiary has not been in a hospital or skilled nursing facility for 60 days.

WyoBlue Advantage PPO Enhanced Benefit

WyoBlue Advantage plans are Medicare Advantage plans, which provide at least the same level of benefit coverage as Original Medicare (Part A and Part B) and while also providing enhanced benefits the scope of Original Medicare within a single health care plan. Inpatient stays are defined by a benefit period of per-admission, per-stay basis. During an inpatient stay, coverage is provided for unlimited inpatient hospital care days to members under all individual and group WyoBlue Advantage Medicare Advantage plans. The period is renewed when the beneficiary is discharged from the inpatient facility. The member's cost sharing and coverage conditions are determined by WyoBlue Advantage.

Reimbursement

WyoBlue Advantage Medicare Advantage plans' maximum payment amounts for inpatient hospital care is consistent with Original Medicare. Reimbursement is made through a prospective payment system in which Medicare payment is made based on a predetermined, fixed amount. This represents payment in full and providers are not allowed to balance bill the member for the difference between the allowed amount and the charge.

Member Cost-Sharing

- Please reference the *Evidence of Coverage* or *Medical Benefits Chart* for specific cost-share amounts.
- WyoBlue Advantage providers should collect the applicable cost sharing from the member at the time of the service when possible. Cost sharing refers to a flat-dollar copayment, a percentage coinsurance, or a deductible. Providers can only collect the appropriate WyoBlue Advantage cost-sharing amounts from the member.
- If the member elects to receive a non-covered service, he or she is responsible for the entire charge associated with the non-covered service.
