Comprehensive Formulary
Prior Authorization / Step Therapy Program
2026 Plan Year
Updated 04/01/2026

WyoBlue Advantage monitors the use of certain medications to ensure our members receive the most appropriate and cost-effective drug therapy. **Prior authorization (PA)** for these drugs means that either clinical and/or administrative criteria must be met before coverage is provided. Drugs subject to **step therapy (ST)** may require previous treatment with one or more formulary drugs prior to coverage. Drugs that must meet clinical/administrative criteria are identified in the formulary list with (PA) or (ST). In some cases, the brand name drug is listed for reference and the generic drug is covered. Please refer to the Formulary to verify if your drugs are covered. Your physician can contact our pharmacy help desk to request prior authorization or step therapy for these drugs.

The clinical criteria for authorization are based on current medical information and the recommendations of the Pharmacy Benefit Manager's Pharmacy and Therapeutics Committee, a group of physicians, pharmacists, and other experts.

Please call the pharmacy service number on the back of your WyoBlue Advantage member ID card if you have questions about your drug coverage or a drug claim.
